

Pilot Readiness Indicator

Candidate: A2788
Generated: 21/10/2021
Expiry: 23/09/2023

About this test:

This report provides feedback about the readiness test you recently completed. Your overall score for each section of the test is presented as a percentage, which indicates the percentage of questions you answered correctly.

Some of the test sections are also divided into difficulty levels, and you will be presented with an additional percentage figure showing how you performed at each level of difficulty. An example of how your scores are presented is included below.

Example scale to present percentage score:

Foundation level: 100%

Intermediate level: 50%

Advanced level: 75%

The test is split into 4 sections, comprising of questions in the areas of English, Cognitive Reasoning, Maths and Physics.

English: This test assesses a sub-set of your English language, listening and comprehension skills across four key areas of language skill.

Cognitive Reasoning: This test looks to provide an indication of your mental agility, looking at areas such as spatial awareness, working memory and pattern recognition.

Maths: This test assesses your potential ability to apply basic mathematical principles and understanding to role-relevant concepts, topics, and calculations. Questions in this test increase in difficulty, and more advanced questions contribute more to your overall percentage.

Physics: This test assesses your potential knowledge and understanding of basic physics principles, rules and formula as applied to role-relevant concepts, topics and calculations. Questions in this test increase in difficulty, and more advanced questions contribute more to your overall percentage.

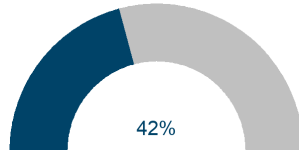

The results provide an indication of your readiness to sit the pilot aptitude assessment process. Additional text is provided alongside each of your scores to help you to interpret your performance, and identify where you may benefit from further preparation.

Pilot Readiness Indicator

This report summarises your result from the Readiness test, comprising of questions in the areas of Cognitive Reasoning, Maths, Physics and English.

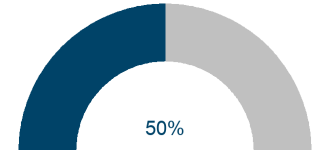

Readiness Test Results:
